

SHUBRA CHAKMA

Junior Frontend Developer | Operations Support | Project Coordination

Dhaka, Bangladesh | 01794213557 | shubrachakma101@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Detail-oriented CSE graduate and Junior Web Developer with hands-on experience in HTML, CSS, JavaScript, React, REST APIs, and frontend application development. Strong foundation in software development, debugging, troubleshooting, testing, and application maintenance. Familiar with Git/GitHub, database concepts, version control, and modern development workflows. A quick learner with strong analytical and problem-solving abilities, capable of collaborating effectively within cross-functional teams. Eagerly seeking opportunity to contribute as a Junior Frontend Developer by delivering reliable, scalable, and efficient software solutions.

CORE COMPETENCIES

- **Programming & Web Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, REST APIs, JSON, Responsive Web Design
- **Software Development:** Application Development, Debugging, Troubleshooting, Testing, Deployment Support, Software Maintenance
- **Version Control & Collaboration:** Git, GitHub, Git Workflows, Team Collaboration
- **Database Concepts:** SQL Fundamentals, Database Design, Queries, Joins, CRUD Operations
- **Development Tools:** VS Code, GitHub, WordPress, Elementor, Vercel, Netlify
- **System Integration:** REST API Integration, Client-Server Architecture, Third-Party Service Integration
- **Documentation & Communication:** Technical Documentation, Requirement Analysis, Report Preparation, User Support
- **Professional Strengths:** Problem Solving, Analytical Thinking, Attention to Detail, Adaptability, Teamwork, Time Management, Fast Learning Ability, Strong English & Bangla Communication Skills

TECHNICAL KNOWLEDGE

- **Programming and Web:** HTML, CSS, JavaScript, React.js, TypeScript basics, Vite, Tailwind CSS, WordPress, Elementor
- **Development Workflow:** Git, GitHub repositories, version control basics, frontend debugging, REST API integration, client-server architecture
- **Operations Tools:** Google Docs, Google Sheets, Google Slides, Microsoft Word, documentation templates, task tracking and organized record keeping
- **Security and Professional Awareness:** confidentiality, careful data handling, phishing awareness, policy compliance, responsible communication

EDUCATION

Bachelor of Science in Computer Science and Engineering | Faridpur Engineering College March 2018 - April 2022
Affiliated with the University of Dhaka | Faridpur Sadar, Faridpur

PROFESSIONAL EXPERIENCE

Business Development Executive and Web Analyst | CORE DHAKA July 2025 - December 2025

- Supported business operations and web project execution by bridging client requirements, business strategy, and technical delivery for agency projects.
- Worked closely with clients and internal teams to clarify requirements, document needs, prioritize tasks, and align project outcomes with brand, sales, and operational goals.
- Prepared structured project information, technical specifications, and progress updates to support decision-making and smooth execution.
- Led the development and launch of the company landing page using WordPress and Elementor, improving SEO readiness, conversion flow, and lead generation support.
- Coordinated a luxury jewelry e-commerce platform project from UI planning to frontend integration using React and TypeScript, ensuring clear communication between business and technical priorities.
- Handled correspondence and client communication professionally, maintaining organized project records and follow-ups.
- Demonstrated ownership, adaptability, and willingness to learn new tools while supporting both business development and technical execution.

KEY PROJECTS

Nazumeah Jewellers | Jewelry E-commerce Platform | [Link](#) React, TypeScript, Vite, Tanstack Router

- Built a full-scale e-commerce frontend for customer-facing and admin dashboard workflows, supporting product catalog and order management processes.
- Implemented structured routing and data flow using TanStack Router, nested routes, loaders, and TypeScript interfaces to improve consistency and reduce errors.
- Worked with API integration requirements and documented data structures clearly for maintainability and technical communication.

InsiderJobs | Job Portal / Job Management System | [Link](#)

React, REST APIs

- Developed role-based interfaces for job seekers and recruiters, supporting dashboard workflows, job posting, application tracking, and CRUD operations.
- Worked with REST APIs to coordinate applicant and recruiter actions while maintaining clean, responsive frontend flows.
- Strengthened understanding of requirements, user roles, workflows, and operational process mapping.

ClimateX | Weather Application | [Link](#)

React, Tailwind, WeatherAPI

- Developed a responsive weather application with a clean user interface, API-based real-time data display, and performance-focused state handling.
- Used a custom Node.js backend for API integration, improving understanding of client-server architecture and technical troubleshooting.

Core Dhaka Landing Page | Corporate Website | [Link](#)

WordPress, Elementor

- Designed and customized a responsive corporate landing page using Elementor sections, layouts, and reusable UI components.
- Supported business presentation and digital marketing goals through a polished, conversion-focused page structure.

Northstar Trading Landing Page | Corporate Website | [Link](#)

WordPress, Elementor

- Built and optimized a responsive landing page for Northstar Trading using Elementor, ensuring mobile compatibility, intuitive navigation, and a professional user experience.
- Translated business requirements into visually appealing web sections that support marketing, client engagement, and lead generation.

ADDITIONAL INFORMATION

- Available for full-time remote/hybrid operational and technical coordination roles.
- Comfortable learning new tools, participating in training sessions, and adapting to company policies, culture, and workflows.
- Career focus: long-term growth in operations, project coordination, technical documentation, and executive support within a technology-driven company.

LANGUAGE SKILLS

- English: Fluent
- Bengali: Native
